

# Exploring Europe

## English

- To start the year – an exciting unit persuading the Dragons in their Den to invest in our European chocolate bar
- Followed by instructions on how to make a buzzer game (linked to our Science unit)
- Finishing the term discussing Brexit.
- Stories that raise issues and dilemmas, finishing the unit writing our own
- Assessment Point 3
- Ending Term 4 – SPaG skills and a recount.

## Maths

- Starting the term with lots and lots of exciting work on multiplication and division
- Moving on to fractions
- Starting Term 4 with more fractions
- Assessment Point 3
- Ending Term 4 with decimal work.

## Science

- Electricity – exploring circuits, lighting light bulbs and designing buzzer games.
- British Science Week.

## DT

- During Term 3, the children will design and make a buzzer game linked to Science.

## Art

- In Term 3, the children will appreciate the photography of David Hockney. They will then try to recreate his style in their own work.

## Languages

- Learning key vocabulary about a café.

## ICT

- Using Purple Mash and Scratch to investigate the following:
- Coding
- Writing for Different Audiences.

## Music

- During Term 3, 4A and 4HF will take part in fantastic drumming lessons with the Music Service. This will change to 4DC and 4M in Term 4.

## RE

- Looking at the theme of 'Community' through Christianity. Answering questions like; how does Christian worship and celebration build a sense of community?

## PE

- Hockey (Term 3)
- Athletics (Term 4)
